## ABOUT ME:

Passionate and skilled **Front-End Developer** with over 1 year of experience in designing and implementing responsive, user-friendly websites and web applications.

## SKILLS:

**Languages:** HTML, CSS, JavaScript, TypeScript
**Frameworks:** ReactJs + Ts, React Native, Tailwind, Redux, RTK Query, PWAs
**Backend & Version Control:** MERN stack, Firebase, Git Version control
**Tools:** Insomnia, Jira, Confluence, Slack, Miro, ChatGPT

## EXPERIENCE:

**Front-End Developer (Freelancer) April 2023 - Present :**

- Focused on a major freelance project using ReactJS w/ TypeScript, RTK Query, Ant Design, and Tailwind CSS and created a PWA for users.
- Handled API operations (GET, POST, UPDATE, DELETE) with Insomnia.
- Created reusable components and resolved UI issues in a React Native app.
- Managed tasks with Jira, Confluence, and Slack.

## PROJECTS:

**1) CMS WEB APP FREELANCE PROJECT:** Developed a feature-rich CMS web app as a major freelance project ( **Front-End** ) using ReactJS with TypeScript, Redux, RTK Query, Ant Design, and Tailwind CSS.

- Implemented comprehensive state management with Redux and RTK Query, ensuring efficient data handling and API interactions.
- Styled the application with Ant Design and Tailwind CSS for a modern and responsive UI.
- Managed API operations (GET, POST, UPDATE, DELETE) using Insomnia, facilitating robust backend communication.

**2) MERN REAL ESTATE WEB APP:** Developed a full-stack real estate web application using the MERN stack with a focus on backend development and robust API implementation.

- User Authentication and Authorization
- Property Listing Management: Enabled CRUD operations for property listings,
- Responsive Design: Utilized TailwindCSS to create a fully responsive design
- Image Upload and Management: Integrated Firebase Storage to handle image upload.

**3) RESTAURANT MENU WEB APP:** Developed a restaurant menu web application using React & TypeScript with Redux state management for handling cart items for proceeding to further steps.

- Responsive mobile interface with React, TypeScript, TailwindCSS, and Ant Design.
- Efficient state management with Redux and RTK Query.
- User-friendly cart operations for adding and removing items.
- Information about the items added in cart in the billing section for user to proceed checkout.

## EDUCATION:

**Bachelors of Commerce ( BCOM )**
Graduated with a CGPA of 7.5 in BCOM
Bhavans College, Andheri, Mumbai
